OBJECTIVE

A self-motivated Computer Science undergraduate with a solid foundation in web technologies and programming principles. Eager to apply technical knowledge in real-world scenarios and contribute to innovative projects within a collaborative team environment.

EDUCATION

Canara Engineering College

Bachelor of Engineering in Computer Science and Engineering

Mangalore, India

2022 – Present

SKILLS

Languages: C (Fundamentals), Java (Basics)

Frontend: HTML, CSS

Database: MySQL

Tools: LaTeX, VS Code

Soft Skills: Communication, Team Collaboration, Time Management

PROJECTS

Portfolio Website

2024

- Designed and built a responsive portfolio website using HTML and CSS to showcase personal projects and skills. Included a structured layout, navigation bar, and contact form for better user experience.

AgriGate Platform

2024

- Collaborated in a team to develop a web platform connecting farmers directly with consumers using HTML, CSS, JavaScript for frontend, and Java with MySQL for backend.
- Integrated API key-based modules to fetch real-time market prices and weather data to assist farmer decisions.

CERTIFICATIONS & ACHIEVEMENTS

- **Introduction to HTML & CSS** – Completed certification via Coursera.
- **Ideathon 2025** – Presented AgriGate web platform idea at Canara Engineering College focused on farmer-consumer connectivity.
